DEVELOPER ACKNOWLEDGEMENT

The Developer acknowledges and confirms that:

1. Any designation of a third party as responsible for the payment of water and/or wastewater connection charges does not remove the Developer's liability where such charges remain unpaid.
2. The Developer understands that, in accordance with the provisions of the **Water Industry Act 1991** and any applicable legislation, regulations or charging arrangements, liability for connection charges may ultimately rest with the site developer where applicable.
3. In the event that any authorised third party fails to pay any water connection charges, wastewater connection charges or any other sums due in connection with the above development, the Developer accepts responsibility for such outstanding charges and agrees to pay them directly to **United Utilities Water Limited** upon demand.
4. The Developer confirms that they have authority to provide this undertaking and that the information contained within this Letter of Authority is true and accurate.
