Dear [REDACTED]

Thank you for reaching out with your request! We appreciate your interest, and we want to let you know that your request has been carefully considered in accordance with the Environmental Information Regulations (EIR).

Did Angus Fire Limited, Angus Armour, Dunlop Ltd or George Angus & co Limited have a discharge permit at any time from this property to sewer. (1976 till 1997).

The Trade Effluent Management System (TEMS) which we use to track both active and inactive consents was implemented around 2003, and any active consents (which at the time were paper copies) were added to the system, however any inactive consents were not.

Whilst Angus Fire Limited did occupy the site for a number of years, the paper copies of inactive consent to discharge permits for the site pre 1994 would have been archived after their closure, and then securely disposed of after a period of 7 years. Therefore, in line with Regulation 12(4)(a) of the Regulations, as the information is not held, we are unable to answer your follow up question.

We hope that this response answers your request. However, if you're not satisfied with how we've handled it, you can request an internal review. To do this, please write to us at Environmental Information Office, Haweswater House, Lingley Mere, Warrington, WA5 3LP or email us at EIRRequests@uuplc.co.uk, addressing your request to [REDACTED] and explaining why you're unhappy with our response. We'll be very happy to review your request and ensure we've done everything we can to assist you.

Any request for an internal review should be made within 40 working days of receipt of this response, and we will reply within 40 working days from receipt of the request for internal review.

Many thanks
EIR Team

We'd love to hear your feedback on how we handled your request! If you have a moment, please complete our short survey [here](#) – your input helps us improve our service.
