Dear [REDACTED],

Thank you for your request for environmental information. We appreciate your interest, and we want to let you know that your request has been carefully considered in accordance with the Environmental Information Regulations (EIR).

Your request:

I would therefore be grateful for any relevant information contained on your biosolids database (or similar) concerning any previous biosolids applications to the Gate Farm site, including: the dates of biosolids / sludge delivery / application; the quantity of sludge supplied; the treatment processes used in producing the sludge; plus any sludge quality / chemical test results).

Our response:

After discussion with our biosolids department, we can advise that we currently do not have anywhere on our records called "Gate Farm" in the area provided. Our records show that the nearest location that we have transported biosolids to is over two kilometres away. We have checked our records for the previous five years. Therefore, under Environmental Information Regulation 12(4)(a) we are unable to share any data with you as this data is not held.

We hope that this response answers your request. However, if you're not satisfied with how we've handled it, you can request an internal review. To do this, please write to us at Environmental Information Office, Haweswater House, Lingley Mere, Warrington, WA5 3LP or email us at EIRRequests@uuplc.co.uk, addressing your request to [REDACTED], and explaining why you're unhappy with our response. We'll be very happy to review your request and ensure we've done everything we can to assist you.

Any request for an internal review should be made within 40 working days of receipt of this response, and we will reply within 40 working days from receipt of the request for internal review.

Many thanks
